**PRODUCT
INFORMATION &
ORDER FORM
INSIDE!!!**

The Delaware SWCD is now taking orders for the annual Tree & Wildlife Products Sale. To place an order, simply fill out the order form found on the other side of this page and return it, with payment, to the SWCD office. There is a limited stock on all items, so orders will be processed on a first-come, first-served basis. Order early to avoid being closed out of items you desire.

Seedlings, seeds, and wildlife products will be available for pick-up April 11-14, 2006. All who place an order will receive a postcard providing the exact times of pick-up. The seedlings we offer are high quality, bare root nursery stock. With reasonable care, a fine planting can be developed. However, due to numerous handling conditions and planting variables beyond our control, the Delaware SWCD cannot be responsible for plants in your care or picked up after the assigned dates.

ABOUT OUR TREE SEEDLINGS

Seedlings are young trees or shrubs that are planted from seed. They are grown 1-4 years in beds, and then dug. There is usually a variation in size because they are "bed-run" or include all trees that were growing in that bed at the time of digging. Most trees sold in our program are dug in the late winter or early spring depending on soil and digging conditions. If trees were dug from frozen soil, there would be no fine roots. Our trees usually arrive in early April, but because of varying weather conditions, it's possible that some may be delayed. If this ends up affecting your order, bear with us. We will do our best to get your trees to you as soon as the weather allows.

TREES

*For detailed descriptions & pictures of all our products, check out our website, www.delawareswcd.org

Arborvitae

3-yr. seedlings, 6-12" tall.
Type: Evergreen
Family: Cypress
Full Grown Height: 30'
Plant in a moist soil with full to partial sunlight.

Colorado Blue Spruce

3-yr. seedlings, 4-10" tall.
Type: Evergreen
Family: Pine
Full Grown Height: 30-45'
Moderate to slow growth; prefers full sunlight.

Tuliptree

1-yr. seedlings, 4-8" tall.
Type: Deciduous
Family: Magnolia
Full Grown Height: 80'
Fast growing; prefers full to partial sunlight.

Austrian Pine

2-yr. seedlings, 6-9" tall.
Type: Evergreen
Family: Pine
Full Grown Height: 60'
Pollution tolerant; can be planted in poorly drained soils.

Red Pine

1-yr. seedlings, 4-8" tall.
Type: Evergreen
Family: Pine
Full Grown Height: 50'
Moderate growth rate; prefers well-drained soils.

Thicket Serviceberry

1-yr. seedlings, 4-8" tall.
Type: Deciduous
Family: Rose
Full Grown Height: 20'
Grows best in partial sunlight at the edges of fields & woods.

Baldcypress

1-yr. seedlings, 4-8" tall.
Type: Deciduous Conifer
Full Grown Height: 70-80'
Thrives in full to partial sun; pine needle-like leaves drop in fall; slow to moderate growth rate.

Shumard Oak

1-yr. seedlings, 4-8" tall.
Type: Deciduous
Family: Beech
Full Grown Height: 60'
Fast growth rate; thrives in full to partial sun.

Norway Spruce

2-yr. seedlings, 6-9" tall.
Type: Evergreen
Family: Pine
Full Grown Height: 80'
Fast growing; adapts to harsh conditions; pollution-tolerant.

Black Gum

1-yr. seedlings, 4-8" tall.
Type: Deciduous
Family: Tupelo
Full Grown Height: 60'
Adapts to different soils; best in full to partial sun.

Scotch Pine

2-yr. seedlings, 4-8" tall.
Type: Evergreen
Family: Pine
Full Grown Height: 40-60'
Good needle retention; best planted in full sunlight.

White Pine

2-yr. seedlings, 6-9" tall.
Type: Evergreen
Family: Pine
Full Grown Height: 80'
Rapid growth; prefers well-drained soils in full sunlight.
